Mission of Bunker Hill Community College

Bunker Hill Community College serves as an educational and economic asset for the Commonwealth of Massachusetts by offering associate degrees and certificate programs that prepare students for further education and fulfilling careers. Our students reflect our diverse local and global community, and the College integrates the strengths of many cultures, age groups, lifestyles and learning styles into the life of the institution. The College provides inclusive and affordable access to higher education, supports the success of all students, and forges vibrant partnerships and pathways with educational institutions, community organizations, and local businesses and industries.

Vision of Bunker Hill Community College

Bunker Hill Community College empowers and inspires students, faculty and staff diverse in identities, experiences and ideas to make meaningful contributions to our local and global communities. The College embodies a spirit of inquiry, critical thought, inclusive excellence and lifelong learning.

Bunker Hill Community College Institutional Values

Bunker Hill Community College Trustees, Faculty, Staff and Students embody the highest academic and institutional integrity through their commitment to:

- Access and Success
- Excellence and Innovation
- Economic and Social Justice
- Inclusiveness and Equity
- Civic Engagement and Service
- Kindness and Respect
- Accountability and Transparency

The Vision, Mission and Values statements were approved by the Board of Trustees, Massachusetts Department of Higher Education and Massachusetts Secretary of Education, October 2014.

President's Distinguished Service Awardee and 2017 Commencement Speaker

The Honorable Robert A. DeLeo, *Speaker of the Massachusetts House of Representatives*

The Bunker Hill Community College President's Distinguished Service Award is presented annually at Commencement to an individual who has rendered extraordinary service to our community and to the students of Bunker Hill Community College. This year's award is presented to the Honorable Robert A. DeLeo, Speaker of the Massachusetts House of Representatives, a long-time advocate for community colleges and friend of the College.

The College honors Speaker DeLeo's commitment to the local community through his support of programs that focus on accessible educational opportunities as an important solution for local workforce development needs. His work towards educational advancement includes steering approval of the Higher Education Capital Improvement Act as well as former Governor Patrick's initiative to promote the development of the state's life sciences industry. He earmarked funding under the 2012 Economic Development Law to create the MassTech Intern Partnership, creating internship opportunities for 2- and 4-year college students.

Speaker DeLeo's interest in the community college students is perhaps best exemplified by his championing of the STEM Starter Academy, an initiative of Massachusetts Community Colleges designed to inform, engage, recruit, retain and graduate significantly more students through STEM Pathway programs. These pathways ultimately lead to job placement or transfer to university STEM programs and careers. Speaker DeLeo has visited Bunker Hill Community College to observe the STEM Starter Academy in action and engage with students about their interests and goals.

We are pleased to present the Bunker Hill Community College President's Distinguished Award to Speaker DeLeo and honored to have him as the College's 2017 Commencement Speaker.

Trustees' Distinguished Service Awardee

Elizabeth Seabury, *Professor, English as a Second Language Department*

Elizabeth Seabury has been a leader in the English as a Second Language (ESL) Department and a significant contributor to the life of the College for more than a decade. A 2009 recipient of the Commonwealth Citation for Outstanding Performance and the Manuel Carballo Governor's Award for Excellence in Public Service, she is dedicated to the success of the College's diverse student population.

Professor Seabury is an inclusive collaborator and a leader by example. Notable are her contributions to the LifeMap Initiative, her role in revising the General Concentration Program of Study and her leadership in conducting the ESL Department's most recent self-study. She was an early adopter of Learning Communities, partnering with Professor Amparo Hernandez-Folch to offer the first accelerated math cluster in 2008. Professor Seabury's pioneering work to integrate effective learning outcomes into the cluster has informed efforts in math and English that are accelerating student progress through developmental education.

In her current role as Chair of the ESL Assessment and Advising Design Team under the Title III-funded Building the Framework for Student Success, she is working with her colleagues to create a success-oriented entry for English Language Learners.

Honors Graduates

During the Commencement Exercises, you will notice the gold tassels which distinguish the caps of some candidates for the associate degree. These students, the honors graduates of the class of 2017, have consistently demonstrated high academic achievement while attending the College. Students receiving their degrees with honors are in three categories: Honors, High Honors and Highest Honors. Honors graduates are denoted by a "*" symbol in the program.

Alpha Kappa Mu Honor Society

The Alpha Kappa Mu Honor Society is a chapter of the National Honor Society, Phi Theta Kappa. The emblem of Phi Theta Kappa is a gold key. Across the center is a black band upon which appear the Greek letters, "Phi," "Theta" and "Kappa," standing for wisdom, aspiration and purity. During the ceremony, graduates who are members of the Alpha Kappa Mu Honor Society can be identified by the gold Phi Theta Kappa stole worn over the regular academic gown. Alpha Kappa Mu Honor Society graduates are denoted by a "o" symbol in the program.

Bunker Hill Community College Commonwealth Honors Program

The Honors Program offers students from any academic discipline the opportunity to study and learn in an academically challenging and enriching learning environment. During the ceremony, graduates who have completed the Honors Program can be identified by a gold medallion.

Degree Candidates

Degree candidates listed in this program have been identified as eligible to participate in the Commencement ceremony. Participation in the ceremony and/or listings in the program does not constitute conferral of degree or awarding of honors. Cumulative Grade Point Average (GPA) used to identify Honors graduates was based on the GPA prior to the printing of the program and may not reflect the final GPA. Eligibility for Honors will be reevaluated for pending graduates when GPAs are final and may be different from what is listed in this program.

Modern Scholars in Ancient Garb

The color and pageantry marking a college Commencement are rooted in long tradition. Academic degrees have been awarded for more than 800 years, the first known being conferred by the University of Bologna in the twelfth century. The caps and gowns worn by the faculty and the graduating class are also inherited from early medieval universities. Scholars of those days wore the gown and its attached hood for the dual purpose of keeping warm in the drafty, unheated buildings, and of identifying the particular clerical order to which they belonged.

The Gown

The style of the modern academic gown is based on an intercollegiate code established in 1895. The gown is commonly black, differing in type according to the level of the degree held. Gowns of some American and foreign institutions are often of red and other brilliant hues.

The doctor's gown is paneled in velvet, and has bell-shaped sleeves, each trimmed with three matching velvet bars. The velvet may be black or of the color representing the field of learning in which the degree was earned. For example, the Doctor of Philosophy (Ph.D.) is designated by blue, for centuries the color associated with wisdom and truth. The Doctor of Theology (Th.D.) may be indicated by red, a traditional color of the church, and the Doctor of Jurisprudence (J.D.) by the royal purple of the King's Court. The title Doctor refers to the degree one holds, not to a profession or occupation, and by ancient definition means an eminently learned person, one sufficiently skilled in any branch of knowledge to teach it.

Master's and bachelor's gowns have no velvet panels or trims. Sleeves of the master's are extra long, and are open either at the forearm or the wrist. Those of the bachelor's gown are pointed and are normal sleeve length.

The Cap

The mortarboard cap is proper for all American degrees, and is worn both indoors and out on all occasions when gowns are used. The tassel, worn over the left front quarter of the cap, may be black or may be in a color representing the degree.

The Hood

The hood is the most striking feature of the costume. Its shape, size and colors show both the degree of the wearer and the college which conferred it, so that anyone attending an academic function in America can distinguish holders of bachelor's, master's and doctor's degrees.

The shell or base of the hood is invariably black, but the lining is the color of the college or university granting the degree. As the faculty and platform party march down the aisle at Commencement, the audience will see the official colors of many colleges and universities represented in the hoods of the participants. Some of these are: Cornell University, carnelian with two white chevrons; Harvard University, crimson; Columbia University, light blue with white chevron; Tufts University, brown and blue.

The color of the border of the hood designates the field in which the degree was earned; for instance, white represents arts; scarlet—theology; golden yellow—science; blue—philosophy; pink—music; lemon—library science; brown—fine arts; purple—law; light blue—education; apricot—nursing; and drab—business administration.

The bachelor's hood has a two-inch velvet border; the master's, a three-inch one; and the doctor's a five-inch one. The size of the hood also helps identify the degree; the bachelor's hood is three feet long, the master's three and a half, and the doctor's four feet.

College trustees or members of boards are permitted to wear a doctor's gown, but the hood they wear must designate only the degree they actually hold. The president of a college is entitled to wear a specially-designed costume. Trustees and other members of the official party, such as Marshals, may also wear specially-designed caps and gowns. At Bunker Hill Community College, the President, Trustees and Marshals appear in academic regalia which shows the colors of the college—red and white—and which designate, by the use of slight design differences, the office held. Graduates of two-year colleges are awarded an associate in arts or associate in science degree or a certificate. Successful candidates for the associate degree and the certificate wear a bachelor's gown without a hood.

Divisions of the Procession

The academic procession at Commencement is made up of three divisions: The candidates for degrees and certificates, members of the faculty and the President of the college, the Commencement speaker, the Trustees and other dignitaries or officers of the college.

The entire company is led by the Chief Marshal bearing a mace, originally a weapon of defense and a centuries-old symbol of academic authority.

A college or university Commencement symbolizes the induction of the graduates into the guild of scholars, whose tradition reaches back through centuries of western civilization to include all those who sought learning. Graduates can take pride in participating in such an ancient and honorable rite.
