If you do not see a position that fits your career objectives, please return to this site in the future as our hiring needs will change. We look forward to your becoming a part of our continued success!

Job Description:

The Research and ESG Technology Intern Developer will work as a member of the ESG dev team within the Research and ESG Technology Group. The focus will be on the development and support of the suite of internal ESG web applications.

Primary Responsibilities:

- Develop, maintain and enhance system functions of CRS and other ESG web applications
- Design and develop software modules for both front end and back end system components, working collaboratively with the rest of the team
- Build data feeds and APIs for system integrations
- Analyze and resolve production system issues independently or in conjunction with business system analysts to reproduce a problem, identify root causes, and design a solution.
- Manage technical debt, placing a high value on refactoring, collective code ownership, and improving the design of existing code.
- Collaborate with the rest of the team members to provide outstanding client service
- Participate in team standups and other team activities

Basic Qualifications:

- Extensive knowledge on data structure and database design
- Solid technical background analyzing, testing, or developing client-server based and web-based products
- Extensive knowledge of object-oriented design and programming.
- Strong knowledge of Angular, JavaScript, C#
- Excellent communication and organizational skills and ability to communicate with non-technical investment professionals
- Willingness to learn new languages on a continuing basis
- Strong analytical skills
- Able to work in a fast-paced environment

Desired Skills:

- Strong understanding of Investment Data and Investment Management industry
- Experience with agile and JIRA a plus

Co-op/Internship Program Description

Along with providing a meaningful learning opportunity to students through their internships, Eaton Vance offers interns the opportunity to network and become immersed in our culture through our Lunch and Learn Series and Community Outreach.

Our Lunch and Learn series provides interns the opportunity to listen to presentations led by seasoned professionals in different areas of the firm, who share their insights and expertise. The Lunch and Learns are an excellent opportunity for interns to engage with leaders outside of their department and explore different topics related to the investment management industry.

Eaton Vance is deeply committed to serving our community. Interns will see this commitment first hand by participating in two community service events in the Boston area throughout their time here.

Commitment to Diversity

At Eaton Vance, we work hard to provide the resources, benefits, and support that will attract engaged and talented employees. Our goal is to nurture a workplace of caring individuals who embrace new challenges instilled with the firm's values of integrity, teamwork, creativity/adaptability, professionalism, client focus, and excellence.
